

If you want to win (If you want to win)  
Take heroin (Take heroin)  
Babe, you got to be tragic  
If you wanna be magic  
Go slash your wrists (Go slash your wrists)  
A hand get pissed (A hand get pissed)  
Well then your career, it cannot miss

If you want to win (If you want to win)  
Take heroin (Take heroin)

If you want to win (If you want to win)  
Take heroin (Take heroin)

If you want to win (If you want to win)  
Take heroin (Take heroin)

If you want to win  
Take heroin

Your children, oh  
They all should die  
In public  
Ah, you must cry (hahaha)  
Famous lovers, you must know  
And to rehab you must go

Your father beats you  
He beats you up  
And your wrists you love to cut  
Your childhood, it was a sham  
You were mistreated  
By every man, man, man

If you want to win  
Take heroin (x2)  
If you want to win  
Don't be dim  
If you want to win  
Take heroin, oh

Sex and drugs, a career planned  
Your life a drama  
Oh, you are damned  
Network, network for fame  
Every friend should have a name

If you want to win  
Take heroin (x2)  
Win!  
Take heroin!  
If you wanna wanna win  
Take heroin

And you know you must die  
Overdose, suicide  
But tragedy imbided  
Tell the world with pride:  
"If you wanna to win  
Just take heroin"

If you want to win  
Take heroin (x2)  
If you wanna wanna win (x2)  
If you want to win  
Take heroin
